

Fertilizer Outlook & Technology 2006 Conference List of Speakers and Topics

Tuesday, November 2, 2005

GLOBAL ENERGY OUTLOOK

Phyllis Martin, Senior Research Analyst
Energy Information Administration, Department of Energy

ETHANOL

John Urbanchuk, Director
LECG

THE FERTILIZER TRANSPORTATION SYSTEM

Dean Tvinnereim, Director of International Sourcing
J.R. Simplot AgriBusiness

TRINIDAD-Nitrogen Supplier to the U.S.

Ken Nyiri, Principal Consultant
British Sulphur Consultant

SULFUR OUTLOOK

Joyce Ober, Sulfur Specialist
U.S. Geological Survey

THE FERTILIZER INDUSTRY – A VIEW FROM WALL STREET

Don Carson, First Vice President, Global Securities
Research
Merrill Lynch (Presented by Steve Byrne)

Thursday, November 3, 2005

JOINT TFI/FIRT OUTLOOK SESSION

AGRICULTURE OUTLOOK

Rich Pottorff, Chief Economist
Doane Agricultural Services Company

NITROGEN OUTLOOK

Joe Geisler, Senior Vice President, Commercial Operations
Terra Industries Inc.

PHOSPHATE OUTLOOK

Mike Rahm, Vice President, Market & Economy Analysis
The Mosaic Company

POTASH OUTLOOK

Al Mulhall Director, Market Research
PotashCorp (Presented by Corey Giasson)

WHOLESALE OUTLOOK

Bruce Vernon, Director, CN Marketing
Agrilience LLC

FIRT 55th Annual Meeting

ENHANCED FERTILIZER TECHNOLOGIES

Technology and Commercial Product Overview

Harvey Goertz, Consultant, Innovative Hort Solutions, LCC
Bill Hall, Product Stewardship Specialist, The Mosaic Company

Enhanced Efficiency Fertilizer Technology Drivers

International Nitrogen Initiative
Luc Maene, Director General
International Fertilizer Industry Association

U.S. Environmental Initiatives
John Russell Davis, Acting National Nutrient Management Specialist
Natural Resources Conservation Service, U.S. Department of Agriculture

Emerging Enhanced Technologies

Slow Release
Absorbed Fertilizers
Sandy Simon, Director, Technology Development
NFT Industries

Sazolene Methylene Urea Technology
Dr. Gianluca Costa, Chief Chemist
Sadepan Chimica

Controlled Release
ESN
Todd Denzin, Diversified Products Sales Manager
Agrium Inc.

Inhibitors/Stabalizers
nBPT
Allen Sutton, Vice President, Business and Product Development
Agrotain International

Thiosulfates to Reduce Ammonia Volatilization
John Clapp, Ph.D., Director of Agronomy
Tessenderlo Kerley, Inc.

Friday, November 4, 2005

PRODUCTION TECHNOLOGIES

Phosphogypsum-Stack Free by '53? (Not included)

Dr. Vaughn Astley, President, R Squared S Inc.
Dr. Regis Stana, President, Dr. Phosphate Inc.

Innovation in Potash Technologies
Scott Johnson, Manager Market Development
Intrepid Potash

AAPFCO REGULATORY UPDATE

Roger Hoestenbach, President
AAPFCO

HOMELAND SECURITY UPDATE

Pam Guffain, Director of Government Relations
The Fertilizer Institute

FERTILIZER PORT SECURITY-TAMPA BAY

John Thorington, Senior Director of Government Relations
Tampa Port Authority
Peter Miller, Director of Security
Tampa Port Authority

FERTILIZER RETAIL REGULATIONS

Billy Pirkle, Managing Director, Environmental Health
