Vision

All plant nutrients are applied using a measurable and recognized 4R nutrient stewardship framework, evidenced through better crop performance, improved soil health, and cleaner air and water.

RIGHT SOURCE

Matches fertilizer type to crop needs.

RIGHT RATE

Matches amount of fertilizer to crop needs.

RIGHT TIME

Makes nutrients available when crops need them.

RIGHT PLACE

Keeps nutrients where crops can use them.

The
Fertilizer Institute

Enhancing Voices. Growing Networks. Cultivating Success.

An industry-supported stewardship initiative that will assist fertilizer storage and handling facilities to achieve and maintain compliance with federal laws and regulations.
